SmartLink	No
Indicators	Yes
Safety Feature	Yes
Others	Child lock, Door close Indicator, Removal up to 99.9% bacteria and allergens[2].

Performance Ratings

Energy Rating	MEPS 5 Ticks
Water Rating	N.A

Accessories

Instruction manual, Direct drain hose.

Local Warranty

Standard 2 Years (Machine), 10 Years (Motor).

Key Features & Benefits

Matching Design

<**Perfect SaniCare Pair**>
For a clean, consistent and modern look in your home, pair the SaniCare dryer with the matching washer. And for a more seamless, space-saving setup, you can use the matching stacking kit[3].

6th sense

<**No more overdrying w/ 6th Sense**>
Powered by Whirlpool's 6th Sense technology, Intelli-Dry auto-detects the level of moisture in the clothes and adjusts the drying time automatically.

Allergy care

<**Remove up to 99.9% bacteria & allergens**>[2]
The Allergy care programme utilizes a combination of high heat and enhanced airflow to effectively remove up to 99.9% bacteria and allergens[2].

Air Refresh

<**Refresh your clothes in 20 mins**>
The flow of fresh air helps to regenerate freshness by penetrating into the fibers of your laundry. This program effectively removes odours and relaxes fibers without heat.

Reverse Tumbling

<**No more tangling**>
The drum periodically changes its direction of rotation during a drying cycle to prevent tangling and promotes even and faster drying.

Anti-Wrinkle

<**Less ironing w/ Anti-wrinkle**>[4]
Prevent wrinkles from setting into your clothes after the drying cycle is complete, saving your time and effort on ironing.

1. Depth includes door.
2. Tested by an external 3rd party lab on Escherichia coli, Staphylococcus aureus, dust mites using Allergy care programme.
3. Sold separately as an accessory. Availability may vary by region.
4. Results may vary depending on fabric types and load.
